You will receive a Welcome message and your name should appear on the screen:

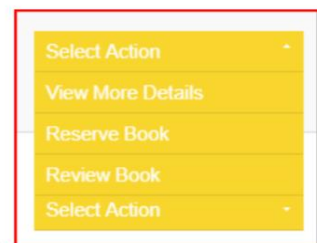

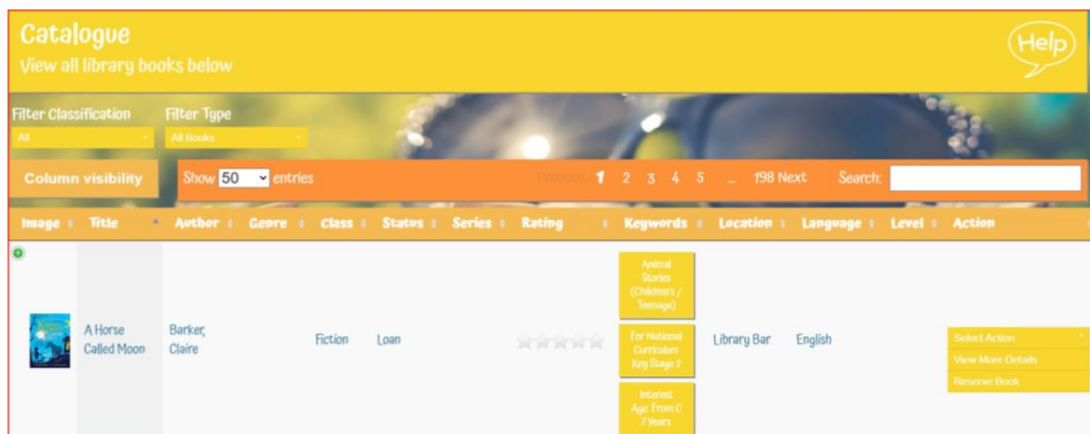

You are now in your personal Library page, enjoy exploring and seeing what books you would like to reserve. As you can see you have a few tabs to choose from:

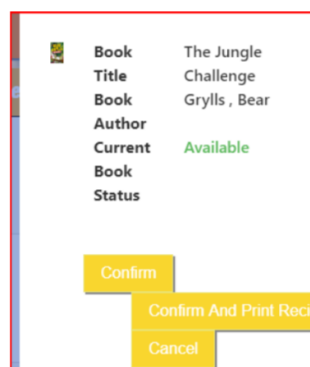

This allows you to view the entire Library Catalogue and Reserve Books for our new **Click and Class Deliver Service.**

When you select **Catalogue** the following screen will appear, see below:

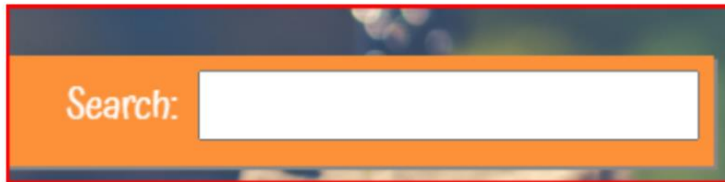

Once you have chosen a book you can select - Reserve Book:

Please Remember to **CONFIRM** your choice:

I would recommend that you choose *three* books to reserve and I will endeavour to deliver one of your choices to you.

If you would like to search for a specific book or topic you can add any words to help you

here:

For example, if you were looking for the BFG you could enter: - BFG, Dahl, or try Fantasy

You can search on Topics such as Ancient Romans, Greeks, Cars, Ships, Science, Art, Famous People, Sharks or Football. So have fun exploring and don't forget if you know your favourite Author you can type their surname. E.g. Walliams, Donaldson or Kinney.

Try and choose books that are available and not already on Loan:

	10. Old School	Kinney, Jeff	Diary	Loan	
	Diary Of A Wimpy Kid	Kinney, Jeff	Funny	Fiction	Available

I will look for the books that you have reserved and will deliver the book to you in your classroom. You can then either keep the books at school or take it home to enjoy.

All books that are returned to school will be quarantined for 72 hours. So please be patient as we set up our new Library **Click and Class Deliver Service**, it may take a little longer to get your book choice to you especially if that is a very popular choice.

Please note if you would like to cancel a book reservation as any time you are able to click on the **My Books** tab and scroll down to **Your Reservations**, where you will see the cancel button.

Finally, you may have noticed you can rate the books you have read and leave a review. Your reviews will be checked and then others will be able to see them. This is a great way of sharing your opinions on what you have read.

Note:

You may want to look at changing your column view as this will allow you to view more books per page.
