

12.1.23

Dear Parents/Carers,

Welcome back to the start of the spring term. We hope that you all had a relaxing Christmas break and have recharged your batteries.

This morning in assembly the children learnt about keeping themselves and others safe around water. They devised a list of different bodies of water; created actions to go with the water safety code and learnt the meanings of different beach flags. Why not ask your child about the Water Safety Code? They did actions to help them remember them. Here they are:

1. **Stop and think**- hand out in front for stop. Point to brain for think
2. **Stay together**- fingers from each hand interlocked together
3. **Call 999**- thumb and little fingers to ear (like a phone) and flash nine fingers three times
4. **Float**- - both arms up and apart

Here is a useful video clip that revises the safety code which you may wish to watch as a family.
