### **STAYING SAFE ONLINE**

With the summer holidays just around the corner, children are looking forward to having more free time, some of which may be spent online. We have attached some useful reminders about how to keep your children safe online over the summer holidays.

### **SAFETY IN THE SUN**

With the weather turning warmer, it is important that children stay well hydrated during the day. Please make sure that you send your child in with a named water bottle every day. You may also wish to send them in with a sun hat, and apply sun

cream in the morning before they come to school.

### **TABLE MANNERS**

We would appreciate it if you could reinforce good table manners and the use of cutlery with your children at home as quite a few children having school lunches are forgetting to use their cutlery appropriately. Many children (both packed lunches and school dinners) are talking with their friends in the dining room with their mouths full of food. Your support with helping to remind your child/children of good table manners would be very much appreciated.

Enjoy the sunshine this week.
