3rd March 2021

A "Sense of Pride"

Dear Parents and Carers,

Next week, 8th March, we will be celebrating British Science Week where the children will take part in a number of scientific activities throughout the week to promote the love of learning in the subject.

Research Task

The children will be researching a scientist which has been allocated to each year group. It would be great if you discussed with your children what they have learnt about the scientist they are researching throughout the week. The children will be presenting their findings on a plain T-shirt throughout the week, and on Friday 12th March, they will wear their t-shirts with usual school trousers/skirts and school jumper/cardigan. The table below shows the scientist each year group is studying and what the children will need to bring into school at the beginning of the week.

<u>Year Group and Scientist</u>	<u>What children need to bring in on 8th March</u>
Year 3 - Mary Anning	<ul style="list-style-type: none">- Plain white T shirt- A piece of cardboard to avoid ink running through the fabric of the Tshirt. This could be from a cereal box.- Sharpies (optional)- Fabric paints/ pens (optional)
Year 4 - Jane Goodall	
Year 5 - David Attenborough	
Year 6- Frank Whittle	

Poster Competition

The children will be creating posters focusing on the theme for British Science Week - innovation of the future. The British Science Association has organised a poster competition so a selection of posters will be sent to the organisation. Please fill in the following Google Form to give permission for your child's name, class, school name and poster to be submitted the British Science Association: <https://forms.gle/ELVd9fxAfDGjJC9v9>. For more information on the poster competition you can go to:

<https://www.britishscienceweek.org/plan-your-activities/poster-competition/>

We are looking forward to celebrating British Science Week with the children at SPJS and hope that they enjoy their first week back.

Yours sincerely,

Mrs Khan and Miss Kelly
