A "Sense of Pride"

11 January 2019

Dear Parents of Children in Year 3,

MATHS IN YEAR 3

Since September the children have had all their maths lessons with their own class teacher. Now that the children have settled into school, we feel that it would be more beneficial for them to be in sets. We feel that this will accelerate their learning even further and help to prepare them for moving on to year 4.

There will be one top set and two parallel mixed ability sets. This structure is currently in place in years 4 to 6. The most recent teacher assessments and individual emotional needs have been taken into account when organising the sets. There will be a maximum of 34 children in Set 1 and the other two sets will have between 26-28 children. We will regularly review the sets and children may move during the year depending on how they are doing in class and in formal assessments. We will notify you if this is necessary.

Set 1 will be taught by Mrs Gray

Parallel set will be taught by Mrs Reeves/Mrs Lasrado

Parallel set will be taught by Mrs Jones

Please be assured that all sets will be highly challenged. Last year 49% (44 children) of Year 6 children achieved a higher standard in maths. Your child will have a sticker in their home/school book today stating which teacher they will be having for maths.

If you have any queries please do not hesitate to pop in and see any of the class teachers or myself.

Yours sincerely,

Amanda Lamy

Headteacher

Headteacher: Amanda J Lamy BA (Hons)

Deputy Headteacher: Julia Burrige BA (Hons)
