Summer 2019

Year 5 have had a jam-packed term and are looking forward to a well deserved break ready to face the challenge and adventure of Year 6! We wish them all the best for next year.

5S Class Assembly

On Friday 2nd May, 2019, class 5S performed an assembly about the Tudors. We learnt how they lived their lives, how they worked, how they ate and the difference between the rich and poor. The assembly included 12 scenes; some of the scenes were about rich and some about the poor.

DT DAY

On Friday 5th July and Friday 12th July, Year 5 had a whole day of DT whilst the rest of the year group were on their visit to Bough Beech. The reason they had a whole day of DT was because they made phone cases. Before DT day, they had to plan their designs that they wanted to do. Materials that they had access to were: felt, thread, buttons, beads and zips. They made their phone cases out of felt because felt is a really strong material so it can hold a phone. They didn't have a set design that they had to stick to, they could do whatever they wanted and make it for whoever they wanted it for. They had to sew it tight so that the phone wouldn't fall out. They could do any stitch that they wanted and could include a flap. For children who do not have a phone, they could also make a purse or an iPad case. They had to learn how to sew the different sorts of stitches that would suit the case or purse. The whole year group enjoyed the day because it was different from what they normally do. It was nice to see smiles on their faces!

Bough Beech

On our entertaining trip to Bough Beech, we discovered fascinating facts about the 4 hour process of turning untreated water into fresh clean water. When we reached the top of the dam our eyes encountered a beautiful sight: the reservoir. In the valve tower, we learned that inside there were 5 valves with the numbers to show what water level they were on: 170m, 180m, 190m and 200m. Next, we went into the dark, drippy

tunnel leading under the reservoir. Finally, we were taken to view each stage of the water cleaning process. They were chlorination, screening, clarification, sand filtration, carbon filtration, UV reactions, THM towers and quality control. It was spectacular.

Sports Day

On the 4th July, SPJS has their annual sports day. The atmosphere was bursting with excitement. The teams were divided by the class letters. There were 7 year 5 races overall. The red team (S) came first! It was hot and the sun pierced through the white clouds. Everyone enjoyed their time on sports day.

On Thursday, 4th of July, SPJS's Sports Day took place. It was a fun day for everyone! All the classes sat sensibly on mats, on the grass, watching the races. The whole school was separated into three colours: red, green and blue teams.

There was, firstly, the track events: hurdles, shuttle relay (passing the baton) and skipping. After this were the other events, which included: under and over (jump over the hurdle and through the hoop) and the bean bag relay (balancing a bean bag on your head). Also, there was a Teacher's Bean Bag relay where some of them represented the different colours. Of course, everyone participated in at least one event.

Although everyone contributed, there was a winner: red team! Well done to them and everyone who took part as well! Thank you to all the teachers and PTA who made Sports Day special.

Cricket

On Monday 1st July, some of year 5 went to a kwik cricket competition. It was boiling hot and we had to exercise all day. Firstly, we played against Cheam Common, but sadly lost. Next, we played against Cheam Park Farm and unfortunately lost again. However, we got so much better as we went on and were really resilient! Then, we played Barrow Hedges and we won by 1 run (yay!). We were overjoyed. Lastly, we played against Beddington Park Primary School and we won again! Luckily, there was a tree nearby so we had some shade. We all did really well and had so much fun. In the end we came 5th out of all the schools.

Swimming

On Friday 21st June, a few children from years 4, 5 and 6 were selected to take part in a swimming gala at Westcroft Leisure Centre. They were competing against 7 schools from the borough.

All the year groups were competing as a team. Each child took part in several races and the points they gained went towards a total.

There were 4 relays where you had to swim with 3 others in your team. There was also a mixed years medley relay where we came first and were given a trophy. Lots of children were awarded individual medals including Cameron (silver) and Marina.

The boys came fifth out of the seven schools and the girls came second. Overall, Stanley Park Junior School came second- a great achievement.!
